

## Product Information

# 98 25 00

## Screwdriver for cross recessed screws

Pozidriv®

- Ergonomically optimised dual component handle for fatigue reduced work and optimum transmission of force
- Handle design prevents rolling

⚡ 1000V

| General                       |                                               |
|-------------------------------|-----------------------------------------------|
| Part No.                      | 98 25 00                                      |
| EAN                           | 4003773062370                                 |
| point                         | burnished                                     |
| Handles                       | insulating multi-component handle, VDE-tested |
| Weight                        | 32 g                                          |
| Dimensions                    | 162 x 25 x 25 mm                              |
| Standard                      | DIN EN 60900 IEC 60900                        |
| REACH compliant               | does not contain SVHC                         |
| RoHS compliant                | not applicable                                |
| Technical details             |                                               |
| Size                          | PZ0                                           |
| Blade length                  | 60 mm                                         |
| Handle length                 | 102 mm                                        |
| Blade Ø                       | 3.0 mm                                        |
| Length of non-insulated blade | 15 mm                                         |
| VDE tested                    | yes                                           |
